

INTRODUCING... OUR OWN PUBLIC HEALTH NURSES

Next week is Public Health Week.

It is a good time to acquaint you, the citizens of Washington Township, with what your own public health nurses are doing for you.

In the first place, do you know the names of your public health nurses? Probably not. You see, they are unassuming young ladies going about their vital tasks quietly and efficiently with no fanfare and little publicity.

These young ladies—Miss Isabel Miller, Miss Victoria Ronning and Mrs. Erna Ebricht—are, however, doing a fine job of keeping you, Mr. and Mrs. John Q. Public, and all the little Publics, in tip-top shape.

Their biggest and most important job is, of course, in keeping communicable diseases under control, and control of acute illness resulting from communicable disease. Much of their work is done in the schools.

They also keep a constant check on venereal diseases, in addition to caring for indigent cases.

Tuberculosis, too, comes in for its share of attention from the health nurses. It may not be common knowledge, but it is true that tuberculin tests are given free of charge once every month at the Centerville office. Tubercular cases and members of their immediate families are under constant supervision of the public health authorities.

Some apt soul even observed once that the public health nurse was with her patients from "the cradle to the grave." It is true that these intrepid women, through pre-natal and pre-natal care, and vigilance against the spread of communicable diseases, are doing a magnificent job of preserving the health standards of the communities in which they serve.

Throughout the Public Health Nurse Week, the Alameda County Tuberculosis Association will conduct a chest survey. The x-ray unit will be set up in a vacant Army barracks on Alice street, across from the Oakland Regional Army Hospital. The results of the pictures will be held in strictest confidence. Anyone in the township who wishes to avail himself of this opportunity may do so.

SERVICES SATURDAY FOR MRS. PHIPPEN

Mrs. Gertrude Phippen, 53, a native of Newark, died Wednesday, April 3, in Newark.

She is survived by her husband, Fred G. Phippen. The late Mrs. Phippen's surviving daughter and sons are: Doris Phippen, Newark; Ernest and Frank, Newark; and Walter Phippen, Hayward.

Also surviving are eight brothers and sisters. They are John L. Kellerman, Newark; Elmer S. Kellerman, Honolulu; Henry S. Kellerman and Lewis H. Kellerman, San Jose; Walter M. Kellerman, Texas; Mrs. Lena Cart, Mrs. Christina Kite and Mrs. Mary Yearout of Kansas.

The funeral will be held at 2:30 Saturday from the parlors of the Chapel of the Palms, Centerville. Burial will be at the Oak Hill cemetery in San Jose.

HIGH SCHOOL GIRL APPEARS ON RADIO PROGRAM

Miss Mary Duarte, 16-year-old daughter of Mr. and Mrs. Frank Duarte of Niles, had the honor this week of being one of five students from high schools in Southern Alameda county to appear on a radio program to take part in a discussion involving some of the aspects of driving education in a rural community.

In the recent tests in the Driver Education course given at Washington Union High School, Miss Duarte, who is a junior, received the highest score. She was therefore chosen to represent the school on the radio program.

The program was heard over KLX last Wednesday, and was sponsored by the Oakland Police Department.

Miss Duarte now has her permit to learn to drive, and is making a fine start in becoming an expert driver.

DANCE GROUPS ACCEPT BIDS TO APRICOT FESTIVAL

The promise of things to come in the parade of the Washington Township Apricot Festival took a definite turn this week.

Acknowledgements are coming in, said Gus Robertson, publicity chairman, to his letters inviting organizations and dance groups to take part in the parade or set up a booth at the festival.

Several dance groups are already rehearsing their numbers and, they say, will be ready to add gay color to the festivities. Irvington talent, a group working with Beatrice Espanosa, will perform two Mexican dances—one a Mexican hat dance. A dance group from Niles will contribute their version of the Portuguese chamarrata. From outside the township, the Fresno Dosido Club and the Oakland Square Steppers are among the early organizations to say they will be in the parade.

Among the first subscribers to the sponsorship of floats are the Irvington Fire Department, Veterans of World War II of Mission San Jose, and the Warm Springs Chamber of Commerce.

The Niles Boy Scout Troop, it was decided this week, will take a place in the procession. The troop is being sponsored by the Niles Junior Chamber of Commerce.

So, girls, rehearse—and, come the apricot festival, let there be dancing.

MUSIC FESTIVAL FOR SCHOOLS

Seven local elementary schools will join in a music festival at the Irvington school on Monday, April 8. Under the direction of Bernard Callery, instrumental music teacher at the school, 110 players will combine in one large orchestra to play a short program, and later to enjoy the movies and cafeteria refreshments provided by their host, Gus Robertson, principal of the Irvington school.

Vaughn Seidel, county superintendent of schools, and Lee Likens, county supervisor of music, will speak to the assembled young musicians.

Participating in the festival will be the following students: Alvarado—Arden Amaral, Glen Bachelder, Georgia Davis, Elizabeth Flores, Hannah Fontes, Arnold Gardetto, Tommy Gualco, Madeline Hernandez, Carol Hocking, Betty Jacinto, Lorraine McLean, Evelyn Muela, Mervin Perry, Vernon Perry, Melvin Pimentel and Dora Ramirez.

TWO MILLS COLLEGE GIRLS, Patsy Lee Miller (left) and Suzanne Adams, find the pickings good at the Twelfth Annual Outdoor Bulb Show, open now through mid-April in the Show Gardens of the California Nursery Company at Niles. The daffodils are the popular Giant Yellow Trumpet variety, King Alfred.

LAMOREUX IS CANDIDATE FOR TRUSTEE POST

W. F. Lamoreux, gynecist at the Kimber Poultry Breeding Farm near Niles, yesterday became the only candidate thus far to have filed for the office of trustee of the Niles school district. The election will be for the trustee's post now held by Jack Alber.

Lamoreux, an educator before coming to Niles, is the father of two children enrolled at the Niles Elementary School. He was associate professor of poultry husbandry at Cornell University at Ithaca, N. Y., before coming to Niles in 1943.

He holds the university degrees of bachelor of science, master of science and doctor of philosophy. Lamoreux is a member of the Niles Rotary Club.

CIRCUS IS REWARD FOR BOND SELLERS IN IRVINGTON

Do a good job and you will be rewarded!

"They certainly did an outstanding job," said Principal Gus Robertson this week, referring to the many war bonds and stamps sold by the Irvington school pupils during the past year.

A half day holiday to attend the Shrine Circus in Oakland is the recognition for the young bond salesmen. The special matinee performance will be given during the third week of May.

Robertson expects 100 per cent attendance at the performance.

400 HOT DOGS NOT ENOUGH, DECOTO PATROL BOYS LEARN

Four hundred "hot dogs" laid out to end—well, they won't go very far. At least that's the opinion of the Patrol of the Decoto Elementary School.

The Patrol staged a "hot dog" sale at the school last Monday and found out that 400 hot dogs don't take care of "seconds."

The profit from this venture, which amounted to \$16, will be used to give a hike and picnic for the twenty members of the Patrol. They well deserve this outing, as they have done a magnificent job.

The Patrol consists of the following boys: Captains—Henry Serbantes, Roque Feliciano; lieutenants—Paul Mognaga, Andrew Sanchez; sergeants—George Pagan, Raymond Berios, Henry Mendoza, Gilbert Gonzales; corporals—Richard Guerra, John Garcia, Joe Martinez, Clarence Souza, Johnny Bolivia, Edward Carvalho, Freddie Sanchez, David Janeiro; privates—Chester Caldeira, George Milina, Dick Garcia and Raul Orozco. The patrol leader is Clarence Joergensen, sixth grade teacher.

ROTARY ELECTS NEW DIRECTORS

The Niles Rotary Club yesterday elected its board of directors for the next year at its regular, luncheon meeting at the International Kitchen.

Elected were E. Dixon Bristow, R. A. Jolly, Robert Blacow, F. E. Glassbrook and Dr. T. C. Wilson.

Election of officers will take place next Wednesday when the new board of directors meets with the retiring board at the Florence Restaurant.

DECOTO CHAMBER OPPOSED TO INCORPORATION

The Decoto Chamber of Commerce, whose attitude toward incorporation of the town has been cold, turned thumbs down officially at its regular monthly meeting Tuesday evening when it adopted a resolution opposing incorporation.

In a discussion which at times grew heated, chief objection of the Chamber of Commerce was ex-

pressed as the matter of expense of operating under incorporation. President Dave Janeiro announced at the outset of the meeting that there would be open discussion—and there was. Headed by A. Bautista, who formed the committee for incorporation, the advocates were well represented at the meeting, which was attended by more than 60 persons.

On hand to give legal counsel to the chamber was Attorney C. W. White of Hayward.

Decoto's two principal industries were represented—the New Colma Mill and Lumber Company and the Joseph Pearce Canning Company. Both oppose incorporation. The lumber company has already written the county board of supervisors to the effect that it wishes to be placed outside the city limits should the town be incorporated.

Following the discussion on incorporation, the chamber voted to sponsor a whist party next month to raise funds needed to complete financing of the war memorial now being constructed.

Secretary Bernie Joseph was instructed to write the county board of supervisors and the Western Pacific Railroad Company to provide crossing safety at the railroad intersection of H and Twelfth Streets.

MRS. CUSHMAN'S GIFT TO HUSBAND'S MEMORY

A new pulpit lectern and baptistry rail have been installed in the St. James Episcopal Church, as a gift from Mrs. Douglas Cushman in memory of her late husband. Dedication ceremonies are being planned for some time in the near future.

DAN CROSS SELLING OUT BUSINESS IN MISSION

Dan K. Cross of Mission San Jose is temporarily going out of business as the result of an expired lease. He is selling out his stock of auto accessories but is planning to start business in Irvington some time this year.

LET THERE BE LIGHT

"Where are the new lights?" That has been the cry throughout the township ever since the day a number of months ago it was announced that there would be new street lights as the result of a petition to the county board of supervisors by the Washington Township Planning Committee.

Now we have the answer. The new lights are currently being installed this week in both Centerville and Niles, 29 for Centerville and 38 for Niles, according to an announcement from A. J. Petsche of the P. G. & E. Lights will also be installed in other towns of the township as soon as possible.

\$3,000,000 FOR EXPANSION OF STEEL PLANT

Under way at the Pacific States Steel Corporation's plant in Niles is a post-war expansion program which may reach to proportions of three to three and a half million dollars.

Construction is progressing on a 22-inch breakdown, or billet, mill which, according to Marion Newman, comptroller and general manager, will be in operation in eight to ten months.

Nearing completion is a warehouse 64 by 614 feet, which will provide storage area for the new 22-inch mill. The new mill will roll shapes of 8- to 10-inch size, according to Newman, converting ingots into billets, which will be rolled in the 12- and 16-inch mills presently operating at the plant.

Unofficial yet reliable sources indicate that the expansion program will in time include installation of open hearth furnaces to augment the production now being turned out from electric furnaces.

Recent announcement was made of the appointment as manager of operations of H. T. Lintott, well known in the steel industry, who had been manager of industrial relations in San Francisco for the Columbia Steel Company.

Lintott's career in steel manufacture began in 1917 with the South San Francisco works of the Pacific Coast Steel Company (now owned by Bethlehem). He became chief electrician there and then became associated in the same capacity with Columbia Steel at that company's Torrance works, advancing to general superintendent and later manager of industrial relations.

MRS. SARAH CRANE MOVES TO OREGON

"You'll come back to Niles," volunteered Mrs. Rose Schneider while visiting her friend Mrs. Sarah Crane, who, after 52 years in Niles, left Monday to live with her daughter, Mrs. Martha Wyatt, in Philomath, Oregon.

Mrs. Crane remembers well Ben Turpin and Charlie Chaplin of the Essanay Studios, and recalls the time when you could buy lots on Main Street for \$50.

The township remembers her late husband well. "He carried mail for 26 years, 26 months and 26 days before he retired," remarked Mrs. Crane.

TOWNSHIP MOURNS PASSING OF WILLIAM WALTON

William W. Walton, born in Centerville 77 years ago, died in San Jose Hospital on Wednesday as the result of injuries received in an automobile accident Monday evening in Centerville. He was struck while crossing the highway after leaving his son's drug store on Main Street.

Walton identified himself as an early age with community activities in Centerville. His father, who came West from Vermont, had established one of the first blacksmith shops in Centerville. There, under his father's tutelage, he became a skillful veterinarian as well as an artful blacksmith.

WAS RANCHER

Turning to the life of a rancher, Walton maintained his appreciation for good horseflesh developed during his blacksmith days and established the first race track in Centerville. Many sulky races were held on this track, when betting on a horse was incidental to the thrill of an exciting contest.

His ranch life was again varied with his activities as an auctioneer. Interested parties gathered at the ranch for auctions that might last two days, during which elaborate barbecues were in order. Walton made a colorful figure when the art of auctioneering was at its best.

Civic minded, the deceased was one of the early boosters of the Centerville Chamber of Commerce. The extension of the Southern Pacific tracks through Centerville was also promoted largely through his efforts. He joined the U.P.E.C. in 1902 and was one of the first members of the St. James Men's Club. He was the last surviving member of Centerville Lodge No. 169 of the Native Sons of the Golden West.

CIVIC MINDED

During his years of retirement, it was a daily occurrence for Walton and his crony, Henry Dusterberry, to sit and discuss the past and make observations on current life in Centerville, all the while enjoying watching the construction of the new theater.

Mrs. Florence Walton survives her late husband, together with a son, Allan E. Walton of Centerville. The deceased was a brother to Mrs. J. Sperbeck and Frank Walton of Alameda, and J. C. Walton of San Leandro. His grandchildren are Lee and Don Walton, sons of Mr. and Mrs. Allan E. Walton.

Funeral services will be held today at 2 o'clock from the Chapel of the Palms. Burial will be in the Chapel of the Chimes in Oakland.

The passing of this beloved pioneer is felt deeply in a community he knew and loved so well.

ALVARADO EAGLES DO IT AGAIN

The Alvarado Aerie of Eagles is still going strong on the initiation record established early in the year. At last Monday's meeting the initiation of seven Eagles almost tripled the original quota.

Sponsored by John Meneses of Alvarado, the new Eagles are: Tony Paniagua, Frank R. Sanchez, Philip P. Monte, Decoto; Donald J. Amaral, Niles; Henry Gomes, Herman S. Bettencourt, Centerville; and Max Feucher, Hayward.

Here's how to cook your favorite chicken dishes

With so many tender broilers and plump roasting and fricassee chickens on the market at the moment, it is indeed the wise woman who includes chicken frequently in one way or another on the menu.

BROILERS

Broiler servings may be whole, halves or quarters—according to the size of the bird. The large broilers may be disjointed, and fried by your favorite method, or stuffed and baked.

BROILED HALVES—Split chickens in half down the back. Preheat broiler with unit turned on at highest heat. Place chicken, skin side down on hot broiler so that it is from 4 to 6 inches below heating unit. Broil for about 30 minutes or until chicken is done and golden brown, turning frequently. Baste occasionally with equal parts melted fat or drippings and hot water.

ROASTERS

Try substituting cooked rice, mashed potatoes, or pre-cooked vegetables in your usual stuffing recipe. Pre-cooked seasoned spinach is unusually delicious. Roasters may be disjointed and fried as they are as tender as the larger fryers.

ROAST CHICKEN—Roast either covered or uncovered in pre-heated oven. Brown for 20 minutes in hot oven (450° to 475° F.) to sear. Then reduce heat to moderate (325° F. to 350° F.) for the remaining time. Allow 22 to 30 minutes cooking time per pound of chicken.

FRICASSEES

Use fricassee chicken in chicken pies, or delicious casserole dishes or boil whole and use meat in salad, sandwiches. This type of chicken can be varied in many ways.

FRICASSEED CHICKEN—Cut chicken in pieces, roll in flour, brown well in hot shortening. Cover with boiling water, add salt, pepper, chopped onion, and other seasonings to taste; cover and simmer slowly until tender, about 2 hours. Add more water if necessary. Thicken liquid and serve over chicken.

Advice from the Enemy

Under the title "Strategy Must Change," the U. S. Army Infantry Journal for April carries an article contending that it will be possible to win the next war quickly by atomic bombing of the enemy country's "political and economic centers—industrial areas, ports, railways and other means of transportation." It goes on: "Formerly we relied upon the ground forces to reach and destroy or take over these targets

in turn. Now, with the high-speed, long-range plane carrying the atomic bomb, it is possible to destroy virtually all of these centers simultaneously and at a single blow.

"It behooves every commander, of whatever nation, to admit that his former conception of strategy has been altered to such an extent that it amounts to a change in basic principles. And you Americans had better get ready to rewrite the textbooks you've been using at West Point, Annapolis and your other service schools."

That advice for Americans was prepared by General Yamashita while he was waiting to be hanged in disgrace by Americans!

He gave it in detail to an American captain, who prepared it for publication. Why Yamashita should so occupy himself while facing death is baffling to the occidental mind. May he have been saving face before his people, and shrewdly counseling them through an American interviewer?

One thing is plain: He told Americans nothing they did not already know as well as he. And, whatever his unfathomable purpose, we can be sure that Yamashita's odd final testament was not intended to benefit America!

OUR READERS WRITE . . .

The Editor, Sir:

Safeguarding the health of the people of this community or any other place can be regarded as an investment of safety and prime importance.

A hospital dedicated to the health needs of the dwellers of this district can well be considered as a step in the right direction. A cursory survey of the township indicates that it is one of agriculture and industrial activity. In fact, the worker is in the majority. What better way to take care of their health needs than a well managed hospital?

The regular meeting of the legislature considered a bill for the socialization of medical care for the employed. In fact, the measure was given serious consideration by the legislature but failed to be enacted into law.

It is quite possible that it will

again be brought before the legislature at its next regular session. This would seem to prove that our state government is alive to the needs of its citizens for a different method of administering medical and surgical care to the populace than is now employed.

The workman's compensation act which is state administered is a striking bit of evidence of the interest the state has taken in the care of its workers. We do not believe that anyone can argue successfully that it should be repealed.

The municipal, county and state boards of health have added materially to the health standards of the state.

Rigorous quarantine of those known contagious diseases has been responsible for the decline in the death rate. Sanitation methods are now an accepted fact, and who would dispute their benefits? Is it not quite possible that we can go a step further and supply the individual needs of the populace with medical care. The state of California has been most generous of its body politic in many ways, but strangely lacking in its efforts to benefit health of individuals.

Mutual acceptance by those interested in advocating a hospital

for this township is good evidence that they not only see that the medical needs require a change.

It does not take the powers of a gifted seer to prophesy the future of the medical care of our much valued asset, the worker.

The state and also the nation are alive to certain well known conditions that now exist and were forcefully brought out during the late war. A common sense and practical hospital plan thought out now and brought before the next legislature may prove of untold value.

This is what's behind those CHEVRON SIGNS

Lots of folks are curious about the new Chevron Gas Stations. So here are the answers to the questions you've been asking—the story of how Standard of California is helping us establish our identity as independent merchants.

No, when the Chevron sign goes up over a gas station it doesn't mean that the station has changed hands. The new name, the new paint job are just to establish it as an independent business.

Lots of motorists who like the personal service they get at independent gas stations don't always know they are "home-owned." We're taking this means of making the fact plain to folks around here.

You bet we will continue to handle Standard products. We want to offer our customers the finest. Our service and accessories will be just the same, too.

Sure, Chevron Gas Stations honor Standard of California's Chevron National Credit Cards. And they're mighty handy when you come in for Chevron Gasolines, RPM Motor Oil and other products and services. Just drop in any time for an application form.

Mr. and Mrs. Sid Martinez are at home to their friends after a surprise marriage which took place

on March 7 at San Jose. They spent their honeymoon down south and were gone for two weeks. Mrs. Martinez is the former Frances Zumaquero. Martinez is one of the bosses at Pierce Canning Company.

A birthday party was given on March 30 at the Hotel Claremont in Berkeley for Constance Amaral

A large birthday cake was the center of attraction. The guests were Jack and Virginia Morton of Oakland, George Silva, Ida Francis and Tony and Constance Amaral of Decoto.

Manuel Gracia, better known as "Shorty," received a long distance telephone call Monday evening from his wife in Australia. She told him she is counting the days till she will be able to come to the United States to be with him. The delay is caused by the illness of his baby son. Shorty is very upset by this news and is anxious for the day when he and his family will be together.

The following guests attended: Mary Lou James, Mary Ann Romero, Antoinette Sanchez, Antoinette Neves, Antoinette Guiterrez, Mary Jewel Lopez, Efrand Alvarado, Tony Ramos, Patty Guerra, Paul Managa, George Pagan, Sammy Garcia, Rose Marie Tejada and Ruth Mary Torre.

HENRY CRANE of Livermore, recently discharged from the Air Corps, has gone to work for his uncle, Clarence B. Crane, at the latter's garage in Niles.

TOM PARRY, son of Mrs. Catherine Parry of Niles, was on his way last Tuesday to report to the draft board his honorable discharge of March 29 at Camp Beale. The former tech sergeant in the combat engineers was non-committal on his future plans. He saw almost 20 months of service in the Philippines, Leyte and Okinawa.

RED CROSS MOTOR CORPS TAKE SAILORS SIGHTSEEING. The Red Cross Motor Corps of the township was host last Monday to a group of sailors from Camp Shoemaker hospital.

The Motor Corps ladies, with Mrs. Sophie Quartaroli of Niles as chairman, took the convalescent sailors on a sight seeing tour down through Santa Clara Valley. The sailors arrived at Santa Cruz beach in time to enjoy a picnic lunch prepared by the Motor Corps.

Returning through Niles, the guests motored through the gardens of the California Nursery.

Assisting Mrs. Quartaroli on the motor trip were Mrs. Irene Kibby, Mrs. May Oliveira and Mrs. Clarence Crane, all of Niles.

The miscellaneous shower was given by the bride-elect's mother, Mrs. M. P. Silva, and Mrs. Helen Garcia of Irvington.

The hall was gaily decorated for the happy occasion and the beautiful arrangements on the table showed the delicate handiwork of Miss Mabel Enos of Irvington, a very close friend of Miss Silva.

Many lovely gifts were presented by the 85 friends and relatives. Refreshments were served following the opening of the packages by Miss Silva.

Mrs. Silva is arranging a farewell party to be held in her home Sunday for her daughter, who will leave shortly for Seattle. The party will be attended by relatives.

BOUNDARIES

The red surfs beating on the death-scattered beaches
Obliterate the boundaries which man has drawn across the latitudes.
What Nation dares again to say,
These waters are my own?
The depths are forfeit to the selfless dead,
Their race, their creed, their heritage
Now indiscernible.

The continents were parts of one whole world
When God created it and marked its spheres and climes;
Set in motion the forces which deposited

The buried ores, the precious stones;
Molded the fertile valleys pregnant with varied vegetation;
Planted in trees and rocks and rivers

Their latent wealth and powers.
The finger of God which traced the edges of the oceans
Inscribed no symbol of sovereignty upon them.

There are no controversies in the conclaves of the dead.
They are at peace, the tortured flesh and shattered bones

Once more the dust, the common earth of continents and islands.
With crude and countless markers, they stake their universal claim.

The Cross is multiplied whose outstretched arms transcend the boundaries

And touch around the world to make it one again!
—Gladys Williamson.

Honeymooning In a Jeep

Embarking on a honeymoon in a jeep may not be the most stylish way of traveling, but it proved to be any amount of fun for Mr. and Mrs. William Hittenberger, who were married last Sunday at the Eighth Avenue Methodist Church in Oakland. The newlyweds bought the jeep just prior to their wedding and left in it on a honeymoon to Carmel, where they are staying at the Pine Inn.

Mrs. Hittenberger, the former Dorothy Tanner, was attended at the ceremony by Miss Norma Nye, and Lee D. Woodin, Sk 3c, stood as best man for his half-brother.

The bride wore a royal blue suit with pink accessories and carried her husband's Bible, with a marker of bouvardia and baby roses.

The new Mrs. Hittenberger is the daughter of Mrs. May Tanner of Oakland. The bridegroom is the son of Mrs. K. D. Woodin of Mission San Jose. The Woodins are managers of the Starr ranch on Mission Peak.

CHRISTIAN SCIENCE SERVICES

"There is that maketh himself rich, yet hath nothing; there is that maketh himself poor, yet hath great riches" (Proverbs 13:7) is the Golden Text for the Christian Science Lesson-Sermon on "Unreality" for April 7.

Citations from the sermon: Exodus 14:13: "And Moses said unto the people, Fear ye not, stand still, and see the salvation of the Lord, which he will show to you to day: for the Egyptians whom ye have seen to day, ye shall see them again no more for ever."

HEALTH OFFICE OVERFLOWS WITH VACCINE SEEKERS

About 350 people, taking advantage of the offer of the health department to give free immunization against the new virulent type of small-pox, swarmed into the Centerville office last Saturday morning to become vaccinated.

The crowds came in such surprising numbers that the staff, including Dr. Mason, found it necessary to have a repeat performance this next Saturday, April 9, from 9 to 11 a.m., in order to take care of the overflow.

The health authorities are encouraged by the great show of interest by the general public in keeping up health standards as evidenced in the large turnout for immunization against the Oriental smallpox.

In addition to the clinic at Centerville Saturday, there will also be a clinic conducted for the same purpose at Irvington on Friday, April 12, with the following members of the P.T.A. assisting: Mrs. Hiller, Mrs. Robertson, Mrs. Berry and Mrs. Rogers. Mrs. Edna Ehlright, county health nurse, appears at every clinic. This clinic is open to anyone in the township.

Dr. Grimmer will do the inoculating of the 150 or more students and Sisters at St. Mary's of the Palms School in Mission San Jose.

COMMUNITY SING AT NILES CHURCH

The community singing of the old-time favorite hymns at the Niles Congregational Church recently proved to be so successful and aroused so much interest that there will be another service of the same kind this Sunday, April 7, according to an announcement this week by Rev. D. Q. Grabill.

I ANNOUNCE

Major Ernest J. Marchi as Manager of my Campaign for Congress in Contra Costa County.

Major Marchi, 35, born in Martinez, Calif., of Swiss parentage, worked his way up from cub reporter to newspaper editor, prior to his induction into the Army in April 1941, as a private. Early in the war, Major Marchi was assigned to the Adjutant General's Office in Washington, D. C., where for the duration he filled a delicate and trusted position.

If I am so fortunate as to be elected, and again so fortunate as to secure Major Marchi as my Washington Secretary, we can set up a service to all veterans that should be second to none.

will receive her award at appropriate ceremonies in Sacramento later in the spring.

Those who were responsible for the flower arrangements—lovely tiers of deep yellow calla lilies—were Mrs. Allan Walton, Mrs. Allen G. Norris, Mrs. P. T. Harvey, Miss Margaret Fair, Mrs. W. L. McWhirter and Mrs. T. J. Power.

The past presidents of the organization were hostesses for the afternoon, and Mrs. E. A. Ellsworth and Mrs. C. E. Martenstein were in charge of the luncheon which was served by caterers.

Mrs. Robert Moore, of course, presided with her usual dignity and graciousness, thanking each one in turn who contributed so much to the affair, and Mrs. R. L. Pond gave a brief and interesting resume of the history of the club.

The afternoon closed with the general feeling that the “golden anniversary” was, indeed, a glittering affair that will go down in the annals of the club as being perhaps one of the outstanding events in its history.

NILES JUNIOR CHAMBER HAS NEW OFFICERS

Leadership of the Niles Junior Chamber of Commerce changed hands at the special installation meeting last Tuesday night at the Florence Restaurant.

The incoming officers are: President, Lawrence W. Pine; vice-president, F. O. Dawson; secretary, Vernon Ellsworth; treasurer, Jack Parry.

Carrying on with the principal business from the previous meeting, the president introduced for general discussion the subject of an adequate night patrol service in Niles.

Granting that there was need for additional night patrol service, the members differed on the type and extent of the service. Discussion also figured on the results of a survey which was conducted informally among a few Niles merchants to secure their views on a night patrol service.

Fred Duffe, Henry Vervais and “Doc” Fettes were appointed by Pine to make a special committee report at the next meeting on their findings regarding advisability and support for a special patrol service.

To compare their own reports with official thought on the matter, the Junior Chamber hopes to have County Sheriff Gleason as the principal speaker for the next meeting.

The motion was passed to sponsor the Niles scout troop in the parade during the June apricot festival in Irvington.

REBEKAH NEWS

Cull, district deputy president of District 53 to the Alvarado Rebekahs, according to Anna Bradford, noble grand of Niles Rebekah Lodge.

A special session of Necona Theta Rho Girls' Club No. 46 was held at Odd Fellows Hall, Niles, Friday evening, March 29. The Niles Rebekahs, under direction of Mrs. Anna Bradford, noble grand, were hostesses to the Girls' club, and after initiatory ceremonies were held for a class of candidates, served delicious refreshments to the girls and their guests. Among the guests present were Ruth Bettinger, president of the Theta Rho Assembly; Mrs. Bessie Bettinger, advisor of San Jose Theta Rho Club; and Mrs. Ethel Garner, member of the board of control of Theta Rho Girls' Clubs.

A group of Niles Rebekahs visited Livermore Rebekah Lodge on Wednesday evening, April 3, the occasion being the official visit of Ivy W. Cull, district deputy president of District 53.

THANE PASSES 93RD BIRTHDAY

“There's an airplane not far from here that's been idle for two weeks,” said Joseph Eirley Thane, of Niles, “and if you can pilot, I'll go up with you.” Mr. Thane, with vitality and interest, was making little of his years during an interview on the eve of his 93rd birthday last Wednesday.

Now retired from the insurance brokerage business, he has long been air-minded. He recounts vividly his first airplane trip, at the age of 70, on the ferry run between Oakland and San Francisco.

Thane attended the first night school in San Francisco, in the basement of the old Lincoln Grammar School. He was born aboard ship in San Francisco harbor, after his uncle, the captain, was left with a deserted merchantman, making its way to Honolulu from Nova Scotia. The crew had heard of the gold rush and became landlubbers.

On another ship, likewise deserted and anchored alongside, was the young girl who was destined to become his bride. The late Mrs. Thane was the former Lida Tilden, daughter of Judge H. J. Tilden of San Francisco.

Mr. Thane was not particularly

interested in talking about the past; his interest is in the present. He was very much interested in the possibilities of that idle airplane not far away.
